

## **Draft Scent-Free Laundry Room Policy**

### **Purpose of policy**

To ensure members are not negatively affected by scents from the shared laundry room, which vents into the courtyard. Unscented products are also less toxic for people and less damaging to the environment.

### **Policy**

1. Do not use scented dryer sheets. Choose unscented dryer sheets or another product such as reusable wool dryer balls.
2. Choose laundry detergents that are labelled “unscented” or “fragrance-free”.
